MEMORANDUM FOR: Chief, Regulations Control Staff

SUBJECT : Proposed Tentative Regulation Allowances,
Nonmilitary Uniforms

25X1A

1. This office has reconsidered the immediate publication of the attached proposed regulation and does not wish to authenticate it at the present time due to the following:

(a) Paragraph 3 (a) and (b) are worded in a manner which is more suitable for a notice (transitory) than a regulation.

(b) The substance of paragraph 3 (b) should be amended to include appropriate provision in the justification submitted to the DD/S for the consideration of style and color of the uniform and the design of such other fittings that may be requested.

2. Some provision ought to be made for the difference ~~and~~ definition between protective clothing and uniforms. It should be indicated that this regulation is applicable only to uniforms unless it is desired to expand it to also include provisions for the furnishing of protective clothing by the Agency, and the standards which are desired in this regard.

3. You might also note the comments by Logistics on the routing sheet.
